

REMARKS

Acceptance and formal entry therefor of this Amendment (including the attachments hereto) is respectfully requested.

The original Specification was revised to correct minor informalities noted therein as well as to improve the readability thereof. However, due to the extensiveness of the revisions being implemented, applicants, through their undersigned representative, are submitting herewith as (**Attachment A**) a Substitute Specification directed thereto. It is submitted, new matter is not being added with regard to the Substitute Specification, either by addition and/or deletion. Also, since the accompanying Substitute Specification is a voluntary submission by applicant, enclosed herewith, also, is a marked-up version of the original Specification showing changes being made thereto. (see **Attachment B**).

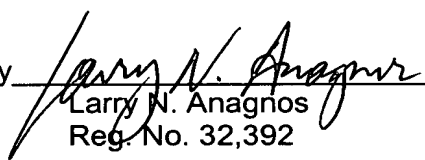

Since the amendments being implemented with regard to the filing of this paper are directed to minor formal matters only, acceptance and entry therefor of the same including formal entry of the Substitute Specification as a replacement of the originally submitted Specification is respectfully requested.

Please charge any fees due in connection with the filing of this paper, including extension of time fees, to the Antonelli, Terry, Stout & Kraus, LLP Deposit Account No. 01-2135 (Docket No. 843.41106X00), and please credit any excess fees to such Deposit Account.

Respectfully submitted,
